LOGICAL PROGRESSION

Building Training Programs for Year-Round Climbing Performance

Steve Bechtel

June 2020 - 2nd Edition
\$36.95 - 226 pages - 6" x 9"
ISBN: 979-8-64577250-5
Climb Strong

Training for climbing can be fun, but sticking to a schedule can be desperately hard. Many climbers have seen the value of a carefully planned out, periodized training program. Clearly, such programs work, but many of us can't stick to such a rigid schedule. What if there were a better way? What if there were a more flexible way of planning that provided the same great results?

CLIMBER'S GUIDE TO FRUSTRATION CREEK and Surrounding Areas

Louie Anderson

April 2020 - 1st Edition
\$35.00 - 200 pages - 6" x 9"
ISBN: 978-0-9766630-8-9
Louie Anderson Publisher

At long last, the secrets of the lower San Bernardino Mountains climbing areas are revealed. This great collection of areas has long been limited to either word of mouth, or sometimes inaccurate online information. Many of them have never been published. Now all of their pertinent information is compiled in an accurate and complete book.
